### Our Hosts

### What Attendees are Saying

*This conference provided a great mix of the hot topics with the opportunity to hear from EPA Region 7, state agencies, and other technical and legal experts. I really enjoyed the panel discussions with state directors. It provided a great opportunity to network with colleagues and regulators. This conference was a great value. I recommend it to anyone working in the field of environmental compliance in Region 7.*

*- Midge Winkler, General Motors*

*This was a great opportunity to network with regulatory personnel, and to learn about priorities of US EPA Region 7 and state environmental regulatory agencies. This conference truly provides value for the price. - Kimberly Bauman, Mississippi Lime Company*
