

Corrective Action Lessons Learned Over a 37-Year Career

Mike Franano
Sr. Environmental Scientist
AECOM: Kansas City

Agenda

- Start with a Great Conceptual Site Model
- Build Consensus Early
- Agree on Corrective Action Objectives
- Review Other Sites Approved Remedies
- Don't Try to Read Regulators Minds
- Focus on the Rationale for the Proposed Alternative

Start With a Great Conceptual Site Model

**Present a
Very Clear,
Concise
CSM**

Don't Overdo the RFI Summary

Build Consensus Early

Project Team
Client
Regulators
Stakeholders

Agreeing on Corrective Action Objectives

Deep Understanding of CAOs and How They Apply/Will be Met

Reviewing Other Sites Approved Remedies

**CAO's
Technologies
Alternatives
Remedies
Evaluation
Rationale**

Don't Try to Read Regulators Minds

Focus on the Rationale for the Proposed Alternative

**Develop a strong
remedy proposal
and explain it!!**

The Best Evaluation Against the RCRA Criteria Possible

Believe in It
Stick to It
Strong Rationale

**Thank
You**
