Using the Web for Environmental Information and Compliance

Andrew J. Such

Director of Environmental and Regulatory Policy

Michigan Manufacturers Association

Internet Access Makes a Difference

- Access to Information and the Decision Making Process
- Quickly and easily answers the

Who? What? When? Where? Why? & How?

Automated Notification E-Mails

- The MDEQ utilizes Gov Delivery, which allows users to subscribe to a number of list that pertain to various regulatory programs and services.
- For example if you are a retail establishment you can subscribe to our Retailer Workgroup list and receive regular emails pertaining to compliance issues or
- if you want to be kept up to date on changes to the MIWaters Program you can sign up to receive updates.
- More info at <https://public.govdelivery.com/accounts/MID EQ/subscriber/new>.

DEQ Calendar

- this is a biweekly document that you can subscribe to and receive automatically.
- The calendar lists upcoming permit decisions, hearings, and other events.
- http://www.michigan.gov/deq/0,1607,7-135-3308_3325---,00.html

On-Line Services Webpage

- The DEQ posts a lot of its database information on line at www.michigan.gov/deq under “Online Services”.
- A variety of data pertaining to facility compliance status, permit and regulatory information can be found on this page including the Site Registry, Waste Data System (WDS), Air Quality Source Information, and much more.

MI Guide to Environmental, Health and Safety Regulations

- This comprehensive guidebook simplifies the maze of environmental, health, and safety obligations facing Michigan's businesses and institutions.
- In print form for many years, now it can be searched by keyword on the internet.
- It can be found at www.michigan.gov/ehsguide

MDEQ Twitter Account

- follow [@MichiganDEQ](https://twitter.com/MichiganDEQ) to get tweets related to upcoming hearings, press releases, training and other DEQ related info

MDEQ YouTube Channel

- Subscribe to the [Michigan DEQ You Tube Channel](#) to be notified when new and updated videos, tutorials, or recorded information is posted.

Webinars

- DEQ regularly hosts webinars that pertain to upcoming and existing regulations that impact stakeholders throughout the state.
- Last fiscal year the DEQ hosted 48 webinars with over 11,000 live attendees and recording views.
- Upcoming and past webinars can found at www.michigan.gov/deqevents.

On-Demand Tutorials

- The MDEQ posts instructional tutorials and videos on line that pertain to a variety of compliance topics ranging from
 - conducting industrial storm water visual assessments,
 - how to submit a SARA Tier II report,
 - identify invasive species.
 - And much more
- These can be found on the MDEQ [You Tube channel](#) and various other MDEQ websites .

On-Line Broadcast of hearings, public informational meetings and special events.

- The DEQ periodically streams live events for viewing by external audiences.

Live Events

- In addition to numerous online offerings, the DEQ also provides assistance via live training events held throughout the state on a variety of topics.
- The cornerstone event is the Michigan Environmental Compliance Conference (MECC), which is held every 2-years.
- The last MECC was held in June and drew nearly 800 attendees from around the state.
- More information on upcoming events can be found at www.michigan.gov/deqevents.
