Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization

September 2022

Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization

- The Interagency Working Group (IWG) was established by <u>Executive Order 14008</u>, Sec. 218, on Jan. 27, 2021
- The IWG released an <u>Initial</u> <u>Report</u> with recommendations to catalyze robust economic activity and support workers in America's energy sector

Initial Report to the President on Empowering Workers Through Revitalizing Energy Communities, Released April 23, 2021

Prioritizing Those Most In Need of Support

- Identified 25 priority Energy Communities
- Coal communities identified as immediately challenged

Figure 2 in the report. The IWG recommends focusing initial federal investments in areas with high concentrations of coal-dependent jobs.

EDA Assistance to Coal Communities:

EDA awards funds on a competitive basis to coal communities through its Assistance to Coal Communities (ACC) initiative to assist impacted communities that support:

- Economic Diversification
- Job Creation
- Capital Investment
- Workforce Development
- Re-employment Opportunities

Overview of EPA IIJA Resources over the next 5 years

Water Investments

\$23.4 billion to traditional Clean Water and Drinking Water State Revolving Funds
\$15 billion dedicated to lead pipe replacement
\$10 billion to addressing emerging contaminants like PFAS

\$1.7 billion across 12 geographic water programs

\$267 M for other water quality programs

Environmental Cleanup

\$3.5 billion for the Superfund program
\$1.5 billion for the Brownfields program
\$375 M for solid waste infrastructure and battery recycling programs
\$100 M for Pollution Prevention (P2) grants

Clean School Buses

\$5 billion to replace diesel buses with electric and low emission alternatives

BROWNFIELDS: Year 1 Implementation Plan

GRANTS	FUNDING	Timing	Eligible applicants
MULTIPURPOSE GRANTS	• \$150 M over 5 years; up to \$10 M grant	 First Round of proposals due November 2022. Projects announced May 2023 	 Local governments States and state- created entities Redevelopment agencies Alaska Native Regional Corporation Alaska Native Village Corporation Metlakatla Indian Community Nonprofit organizations
ASSESSMENT GRANTS	• \$600 M over 5 years; up to \$10 M grant	 Next round of proposals due November 2022. Projects announced May 2023 	
CLEANUP GRANTS	• \$160 M over 5 years; up to \$10 M grant	 First Round of proposals due November 2022. Projects announced May 2023 	
REVOLVING LOAN FUND GRANTS	• \$150 M over 5 years; up to \$10 M grant	• Requests from existing grantees were due March 2022 . Awards in August 2022 .	
JOB TRAINING GRANTS	• \$30 M over 5 years; up to \$1 M grant	• First Round of proposals due Aug 2, 2022 . Projects awarded November 2022 .	
TECHNICAL ASSISTANCE	• \$110 M over 5 years	• Projects awarded on a rolling basis	
STATE & TRIBAL RESPONSE	• \$300 M over 5 years; up to \$60 M per year	Requests due May 2022. Projects awarded November 2022.	StatesTribesIntertribal consortia

DOE - BIL Programs Especially Relevant

- For specific geographies-
 - \$1 billion: Energy Improvement in Rural and Remote Areas
 - Funding available for communities of less than 10,000 people.
- For communities in energy-producing or mining areas-
 - \$500 million: clean energy demonstration activities on current or former mine land
 - \$750 million: advanced energy manufacturing or recycling, or reducing emissions from industrial facilities in communities with retired coal mines or power plants
 - \$140 million: demonstration facility producing rare earth elements from waste material
 - \$6 billion: battery materials processing and battery manufacturing and recycling

Key Learnings from Energy Communities

- Need to think ahead: "Plan for transition or be run over by it."
- Economic diversification is as important as energy transition.
- Every community brings different challenges and opportunities.
 - There is **no "one size fits all**" approach to energy transition.
 - There are **no** "**silver bullets**" or 1:1 industry replacement.
- Meaningful community engagement matters.
- Need for immediate high-quality jobs, equitable access to these jobs, AND long-term economic strategies.
- Basic infrastructure matters: transportation, transmission, workforce, water.
